Forecast For East of England
Issued by Met Office Exeter
at 0400 on Thursday 03 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Warm or very warm Thursday, thundery rain possible for Friday.

Today:
Any areas of mist, low cloud and fog soon clearing to leave a fine and dry day with some cloud at times. Risk of an isolated thundery shower, mainly in the afternoon. Becoming very warm. Maximum temperature 27 deg C (81 deg F).

Tonight:
A warm and humid night. Becoming generally cloudy, with thundery showers possible in the evening. More widespread thundery rain may push up from the south during the early hours. Minimum temperature 13 deg C (55 deg F).

Friday:
Cloudy on Friday, with outbreaks of thundery rain. Cooler than previous days, especially in the west, but still feeling humid. Maximum temperature 22 deg C (72 deg F).

Outlook for Saturday to Monday:
Largely fine, dry and warm through this period with sunny spells. However isolated showers are possible on Sunday and Monday. Some coastal fog possible, especially on Saturday and Monday.
